TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Stainless steel ball / Raw Material

Description of Changes
TE Connectivity is changing the raw material sourcing for stainless steel balls incorporated into plug connectors and caps. The existing stainless steel ball manufacturer, material grade and type, and the products form, fit, and function will remain unchanged. The change includes raw material of United States origin and allows sourcing from other countries, subject to any customer-specific country-of-origin restrictions that may apply. The change will be managed in accordance with TE Connectivity s established change management procedures, including a technical assessment to verify continued conformity with applicable product performance, quality, and reliability requirements.

Reason for Changes:	
This change is being implemented to support compliance with customer-specific country-of-origin requirements, where applicable, while maintaining sourcing flexibility.
