PRODUCT CHANGE NOTIFICATION

CUSTOMER: HEILIND ELECTRONICS

LOCATION: WILMINGTON

CUSTOMER NO: 167811

TE CONNECTIVITY ENTITY: RMP (1082) - U.S. Operations on SAP

PRODUCT CHANGE NOTIFICATION NO: P-12-008571

PCN DATE: 20-NOV-12

AGREEMENT NO:

We would like to inform you about the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

GENERAL PRODUCT DESCRIPTION:

Amplimite, HD-20, Plug Assembly, Right-Angle, PCB Mount

DESCRIPTION OF CHANGE:

On solder-tail exit side of connector housing (opposite side of connector from mating face), add full length alignment rib between circuits for solder-tails on upper row of contacts. Current parts only have partial alignment ribs located on the upper end and low end of the solder-tails.

REASON FOR CHANGE:

Product improvement. The full length ribs between circuits will provide additional alignment support for the solder-tails when bent during the assembly process. This will prevent stubbing of the solder-tails on the lower alignment ribs during the bending operation.
