

FCT electronic GmbH • Stahlgruberring 29 • 81829 München

General Customer Information

München, 15.02.2016

Dear valued business partner,

Due to the acquisition of FCT electronic GmbH and the integration into the internal systems of Molex LLC we need to link each part number of FCT electronic GmbH with a unique Molex Material Number.

To make this change easier for you as our valued business partner we continue to show the origin part number of FCT electronic GmbH as so called "Vendor Material Number" or "Old Material Number" wherever it is possible.

If you have a general question or need our support to identify the correct Molex Material Number, please contact your local sales responsible.

Best regards,

i.A. Kai Notté
