

# Product Change Notification (PCN)

PCN Number	502828	Date Issued	September 21, 2017
Reason for Change	Manufacturing Process Change Molex and Suppliers		
Change Type Description	This letter is to inform you that the manufacturing process for the part(s) identified in this notice is changing. No changes will be made to the product as a result of this process change.		
Assessment of Change	Dimension analysis		
Internal Molex Qualification Date	May 12, 2017		
Sample Availability Date (Changed Part)	May 12, 2017		
Planned Implementation Date	March 20, 2018		
Method of Identifying Change	Lot information on label		

## Before Change

## After Change

### Overview

- The lower utilization of Stripe plating lines drive the need to consolidation.
- Change the process of plating from Stripe to Spot. The Spot plating process produces consistent coverage and is easier to setup.
- Product Impact
  - There is slight visual difference between the Spot plated products and Stripe plated products
  - There is no fit, form, or function difference between the two processes
- Part Number Impact
  - All the part numbers impacted are listed in the PCN worksheet
- Samples available upon request
