Product Change Announcement

October 13, 2017

To: Partner Distributors

From: Heyco Products Corp.

Re: Surface Change for NPT Locknuts

Dear Valued Distributor,

Our records indicate that you have purchased one or several of the following NPT locknuts from Heyco over the past two years or have requested to be notified when a product is being changed. Our NPT Locknuts will undergo a surface change to improve aesthetics and molding consistency - functionality of the parts will remain the same. The surface change will be a light matte finish rather than the current polished finish.

1/4": M9142, M9143, 3269 & 3270

3/8": 8461, 8462, 3271 & 3272

1/2": 8463, 8464, 3273 & 3274

3/4": 8465, 8466, 3275 & 3276

1": 8467, 8468, 3277 & 3278

1-1/4": M9144, M9145 & 3279

Once our existing inventory is depleted, we will begin supplying the new locknuts.

We appreciate the support and if we can be of any additional assistance communicating the above product change to any of your End Customers/OEMs, please do not hesitate to contact your Regional Sales Manager.

If this notice feels irrelevant to your responsibilities in your organization, please help by forwarding this announcement to the correct contact.

Best Regards,
Tom Marsden
Product Manager & Renewable Energies Sales Manager
