TE Connectivity

Product Change Notification: E-19-000145

PCN Date: 07-JAN-19

Customer: Heilind Electronics
Inc(0002135900)

Location: WORLDWIDE

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

770678 AMPSEAL Seal Plug

Description of Changes

This PCN is an addendum to PCN E-18-019444. TE Connectivity will be releasing a new 16 cavity mold for the seal plug and changing the material from PA66 to 30% glass filled PBT. The PBT will be listed as the primary material and the PA66 will be listed as an alternative. The cavity ID location will be added to the print to aid in part identification

Reason for Changes:

Product Improvement. The new mold was built to replace the existing mold that was at end of life. the material is changing because of a corporate decision to move away from PA66 materials. If the customer requires a PPAP submission, please place the request with ict-ppap-request@te.com. If there are any further questions or concerns, please contact your TE Sales Contact or Account Manager directly
