PCN２０２１－０２－１
２０２１ February

Attn:

HIROSE ELECTRIC CO., LTD.
2-6-3 Nakagawa Chuoh, Tsuzuki-ku, Yokohama, JAPAN

Product Change Notification

This is to notify you that we have revised PCN2021-02 from below reasons.
We apologize for your inconveniences caused from this change.

1	Products affected	DF22 Series ※Please refer to attachment for detailed product name
2	Replacement product	Please refer to attachment
3	Classification of change	Discontinued
4	Content of change	Products which contact part plating is copper and tin will be discontinued. Regarding products which contact part plating is gold, mounting part plating that contacts the board will be changed.
5	Reason of change	Due to facility deterioration. We announced plating change (PCN2020-09) at August 2020 for stable supply. In addition, equipment of tin plating crimping terminal deteriorated. Gold plating is same with PCN2020-09 but united with DF22 series.
6	Date of final reception of orders for the current product	30 September 2021
7	Date of the first reception of orders for the replacement product	01 March 2021
8	Date of the final shipment of the current product	31 December 2021
9	Date of your acknowledgement	31 May 2021

We kindly request that you inform Hirose business representative of your acknowledgement by the aforesaid date.
In the absence of a response by this date, please be advised that replacement product that described above will be delivered.
If you should have any questions, please feel free to contact a Hirose business representative.
Your understanding and cooperation are highly appreciated.

Note: The mounting part is sometimes called the lead part because it is in contact with the board.
The contact part is the part that comes into contact with the terminal on the mating side.
