Before Change

After Change

- Mini-Fit Jr. Vertical Header – Series 5566

Before
Drain Hole Option

After
Non-Drain Hole Option

Overview

- This PCN is a Retraction/Recall for previous PCN 510809 communicated on January 18, 2022, for the following:
 - Currently vertical header housings have a drain hole and non-drain hole version housing, the drain holes are no longer needed (they were used in the past when PCB boards were being washed and are no longer needed) therefore we are eliminating the drain hole option going forward
- The reason for this Retraction/Recall is that part numbers that did not contain the Drain Hole option were included in the impacted parts list used to create PCN 510809.
- A new PCN will be created and impacted customers will be notified.
- No Qualification reports, PPAP, or samples will be available for this change due to the retraction/recall.
