Product Manager:	François PIL	LET					
Subject:	Notification of	of Change with Imm	ediate Effectivity				
Distribution:	Affected cus	tomers					
Type of Change:	Materials Ch	Materials Change					
Change Description:	Use of altern	ative color of POCA	AN plastic material (whi	te instead of blue) v		UBOX p	oarts.
Reason for Change:	"Due to an unexpected and unforeseen non-availability of Pocan B4235 blue thermoplastics, AFCI will not be able to deliver parts in blue colour as per immediate effect. As from the date of this PCN, in order to ensure the supply of the affected Dubox part numbers, AFCI will deliver these part numbers in the same material (Pocan B4235) with the exact same technical characteristics but in a natural colour for a period of time still to be defined. Until the availability of blue Pocan material is fully recovered & secured and unless clearly specified by customers, AFCI reserves the right to deliver the affected part series either in blue or natural color according to material availability. More detail is explained in the attached technical presentation. Note: the UL certificate remains valid for this Pocan natural material as well. We have been using Pocan blue for more than 20 years for our Dubox product family and we have never experienced an extreme situation like this."
