## Overview

- Glass Fiber and Flame Retardants raw materials tight supply/shortage at North America is impacted to current 899920227 resin supply. Due to these supply constraints, Molex Malaysia identified an internal shortage of resin supply which would create a challenge to fulfill all orders. Therefore, Molex Malaysia is added new source for the product families listed above.

- Product Impact
  - This change is to ensure continuity of supply for customers, Molex is adding a second source for the resin for our Project Unity housings. The new resin option is a PCT, just as the existing resin. The new resin has the same or better electrical and physical ratings that the resin currently in use and there should be no noticeable visual differences between either resin. Molex may use either resin in future production. Samples are available upon request.
- Qualification Reports and samples available upon request.
