Last date to request Samples by Customer :	January 12, 2023		
Traceability Code Markings / Date :	No special marking on the product or packaging		

Before Picture

Overview

- This PCN is a Retraction for previously released PCN 511762 communicated on March 18, 2022 for the following:
 - Due to age of tooling, Molex Lincoln Nebraska is replacing tooling for Mini-Fit Jr 3ckt receptacle. This new tooling will add a notch to the latching lock on the parts to allow for better flow of material in the mold. The notch will ONLY be on the product that is produced in Lincoln Nebraska -- parts produced in other locations will not have this notch.
- The reason for this Retraction is due to unforeseen circumstances the completion of this change to be more than 9 months from the original communicated completion date.
- A new PCN will be created to communicate the new Target Date for this change.
- No Qualification reports, PPAP, or samples will be available for this change due to the retraction.
