TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
RF Coax Connectors

Description of Changes
Manufacturing location change. The following part numbers will be validated to have dual source for plating process. A TE facility or outside vendor will be added as a second plating source in addition to the existing plating source located at a TE facility in Landisville, PA.

Reason for Changes:	
Dear Customer, as a result of our continuous strive for improving our processes, we hereby inform you about a dual source validation for plating process. The validation is executed by following a strict procedure, which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products. The new manufacturing location is under a certified quality management system according to standard industry requirements. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees the performance.
