TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Successful requalification of ZHTM heatshrink tubing

Description of Changes
We are pleased to inform you that TE Connectivity has successfully completed the requalification of ZHTM heat‑shrink, zero‑halogen, low fire hazard tubing. This communication serves as the follow‑up to Product Change Notification (PCN) P‑25‑028953, issued on 6 October 2025. **Other attachments:** Communication Letter

Reason for Changes:	
Product improvement.There has been no change to the raw material formulation and, as a result, no impact to form, fit, or function. The finished product has not been reformulated. As part of our standard due diligence process, we conducted a full evaluation to confirm that the product continues to meet all requirements of TE Connectivity specifications as well as those of applicable external Qualified Products List (QPL) authorities. We are pleased to confirm that the product remains fully compliant, and all relevant external agencies have been notified of the successful completion of the requalification process. To ensure continuity of supply, TE Connectivity will phase in the use of the requalified material as existing inventories of the original material are consumed. If you have any questions or require further information, please contact your TE Connectivity representative. We appreciate your continued trust in TE Connectivity products.
