Product Change Notification

Current Date: 16-Jul-2026

TE Connectivity

Product Change Notification: PCN-26-283123

PCN Date: 14-JUL-26

Customer: Heilind Asia Pacific (Hong Kong) (2980376)

Location: Shatin, N.t.

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

Product Description: (Text limited to 120 characters)
DWP-125 RNF-100 SCL

General Description of Changes
The listed part numbers are being discontinued and no longer available. Suggested substitute part numbers are shown below, with any significant difference described. Please verify that all substitute part numbers provided below are suitable for your specific application. Drawings are available via TE.com. **Other attachments:** PCN

Reason for Changes:
Product Discontinuance

Product Change Notification

Type of Notification	Transition from Legacy Part Numbers to Replacement Part Numbers

Issue Date	Notification No.
July 7, 2026	

Description of Change	Administrative Part Number Consolidation

PCN Title
Transition from Legacy Part Numbers to Replacement Part Numbers

Description of Change
TE Connectivity is issuing this Product Change Notification to notify customers of an administrative transition from certain legacy part numbers to replacement part numbers.

This is an administrative part number consolidation only. The legacy and replacement part numbers represent the same product, with identical form, fit, function, performance, reliability, regulatory compliance, manufacturing process, and manufacturing location.

As part of an ongoing product portfolio simplification initiative, duplicate legacy part numbers are being retired and replaced with standard part numbers. This change is administrative in nature and does not represent a product discontinuation, design change, or lifecycle status change.

The replacement part numbers are active and available for ordering.

Reason for Change
Administrative product portfolio simplification through the consolidation of duplicate ordering part numbers.

Customer Impact
There is no impact to product form, fit, function, performance, reliability, regulatory compliance, manufacturing process, manufacturing location, product availability, or product lifecycle status.

Customers should update their records and place future orders using the replacement part numbers identified in the attached cross-reference table.

Best Regards,
Shane Lauth
Senior Manager, Product Management
