Material change for the actuator from PPA+PTFE GF V0 to PA9T GF V0

Dear Madam or Sir,

Product adaptations serve the purpose of continuous product and/or process improvement. The listed products are delivered in a modified version. Please pass this product information on to your employees and, if needed, to your customers.

1. General Overview

Type of notification: ☒ **PCN** ☐ **PDN** ☒ **Short-term action**

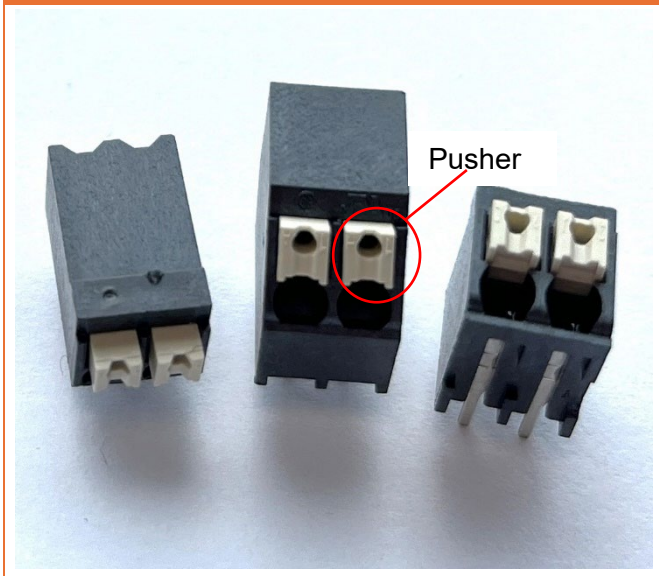

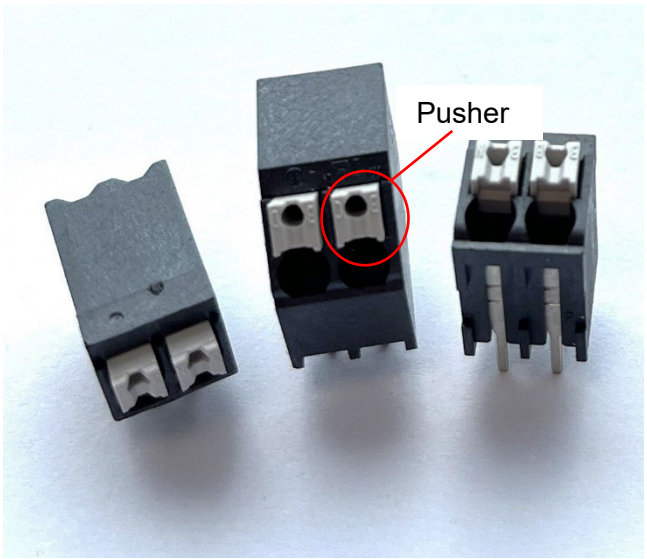

Short-term action due to:

- ☐ Software / Firmware Bugfix
- ☐ Short term recall by supplier
- ☐ Product improvement with customer benefit
- ☐ Short term delivery stop by supplier
- ☒ Force majeure
- ☐ Other

2. Technical changes

Due to a long-term supply shortage of **PPA+PTFE GF V0** - the material previously used for the actuator (pusher) - we are switching to **PA9T GF V0.**

Equivalence in terms of the relevant technical properties has been verified. Additionally, the new material is PFAS-free and thus represents a more environmentally friendly alternative. Both materials have **UL 94 V-0 certification.**
The material change results in a slight change in the color of the pusher. This has no impact on the specified product properties.

Old Version	New Version
	

3. Schedule

We are writing to inform you that this change will take effect in series production starting in **July 2026**.

There will be no inventory adjustment. However, we guarantee that different material versions will not be mixed within a single packaging unit.

4. Affected parts

5. Data

All technical data and functional features are unaffected by this measure.
Detailed information on the technical data can be found for the individual products in the eShop.

We are very sorry for all the inconveniences caused and doing everything to adjust this product change as smooth as possible without big influence on delivery times and general functions.

For further questions please contact your sales office directly. All contacts for sales representatives are available here:
http://www.weidmueller.com/contact

Best regards
Product Management
