Overview

- This Product Change Notification (PCN) applies to customers in China only.

1. Manufacturing location: MX64 Terminal, Gold (Au) Plating is currently produced at the Molex Lincoln, Nebraska plant. To mitigate the impact of US–China tariffs and to support Chinese customers' preference for a local supply chain, Molex will duplicate the tooling in China to serve China market demand.

2. Raw material: Molex will qualify an additional raw material supplier to ensure continuity of supply. The additional supplier is an existing Molex-qualified metals supplier and will help Molex meet current and future demand in the China market.

3. Manufacturing process: The terminal is currently produced on the integrated stamping - plating process line at Molex Lincoln. At the Chengdu plant, the manufacturing process will be separated into stamping and plating processes.

4. Supply regions: Parts produced at the Molex China plant will be supplied to customers in China. Parts produced at the Molex Lincoln plant will continue to be supplied to all other regions.
