General Description of Changes
This Product Change Notification outlines an administrative part-number change for TE Connectivity's Military Specification (Mil-Spec) product portfolio. The change introduces dedicated NAVAIR-qualified Mil-Spec-qualified part numbers to create a clearer distinction between products controlled to the applicable TE specification and products requiring Mil-Spec qualification. Product performance, form, fit, and function remain unchanged unless otherwise specified **Other attachments:** Cross reference sheet PCN wording file

Reason for Changes:
To align part numbering with the Mil-Spec qualification designation and make Mil-Spec products easier to identify and order. This is not a redesign or engineering change.
